RE: Journal cards

Dear Parents and Carers,

I am writing to let you know about a small change we are currently trialling in school with Year 9, which we hope will simplify communication and make it easier for parents to stay informed.

We are introducing the use of journal cards for students. As part of this trial, parents will no longer be required to check and sign their daughter's journal on a weekly basis. Over time, the traditional journals have become increasingly costly for parents to replace if they are lost or damaged, and many of the functions they once served are now more effectively managed online.

Class Charts has become our main platform for communication between home and school. It allows parents to view homework, behaviour points and important messages all in one place. We therefore ask that parents continue to log in regularly to Class Charts, particularly to check the announcements section, where key communications will be shared.

You can access Class Charts using the following link:

<https://www.classcharts.com/parent/login>

If you do not yet have your login details, please contact **contactus@bellerivefcj.org** and a member of staff will be happy to provide your access code.

We appreciate your continued support as we trial this approach and thank you for working with us to support your daughter.

Yours sincerely,

**Mrs Kelly**

Assistant Headteacher
